To login to Business Center machine (441 Lorch).

Go to \ in the left corner. Select “all programs” – “accessories” – “remote desktop connection”.

This window will appear –

![Remote Desktop Connection Window](image)

Put in computer name – “LING-HPLL091.LING.LSA.UMICH.EDU”.

Select connect.

Put in your Kerberos password.

![Windows Security Window](image)

You may see a certificate warning. Click “yes” you want to connect anyway.

From there, you should be able to work like you were working on your machine.

Log off and close the session when finished.
